FIA F3 EUROPEAN SERIES

JANUARY 13, 2014

AGOSTINI JOINS ANTONIO FERRARI'S EUROINTERNATIONAL TEAM

Riccardo Agostini focuses on the 2014 F3 European Championship joining Antonio Ferrari's Eurointernational Team.

The 19-year-old driver, who won the Italian F3 championship in 2012, has moved to the FIA series as an intermediate step looking forward 2015 F.Renault 3.5, after his successful debut in the WS by Renault Championship last July at the Spielberg track.

Riccardo will face an exciting calendar: 11 rounds from April to October in eight different countries, six of them in the same weekends together with the DTM, one with the WEC Championship and another together with the WTCC, including the Pau street circuit.

Eurointernational, that will provide for Riccardo a new Mercedes-powered Dallara F314, celebrates 25 years of activity, after having won 17 championships and 13 Team's titles from 1989 to date, 128 races, achieving 188 podiums and 127 poles. Eurointernational was the only team to achieve the success in F.BMW in Europe, Asia and America.
